	Full loads will be charged at the delivered amounts.	0.4m ³ - 1m ³ \$100.00
	Part loads returned will be rounded up to the nearest m ³	1.2m ³ - 2.0m ³ \$200.00
		2.2m ³ - 3.0m ³ \$300.00
		3.2m ³ - 4.0m ³ \$400.00
Temperature Control	In order to comply with a specification, Temperature control.	POA
Administration Fees	Printing of replacement delivery dockets or invoices	\$5.00 per copy

Testing & Technical Services Charges.		
Standard Testing	Sample, slump, cast, crush and report 3 x 100mm Ø test cylinders for Compressive Strength	\$180.00 per test (minimum charge)
Additional Test Specimens	When cast in conjunction with a Standard Test for Compressive Strength	\$60.00 per additional specimen
Additional Slump Test	When already established onsite for a Standard Test	\$25.00 per additional test
Slump Test only	When required to attend on site for Slump Testing only	\$120.00 per test (minimum charge)
Standard Flexural Test	Sample, slump, cast, crush and report 3 x 100mm beam specimens for Flexural Strength	\$540.00 per test (minimum charge)
Additional Flexural Test	When cast in conjunction with a Standard Flexural Test	\$180.00 per additional beam specimen
Air Content Test	When already established onsite and in conjunction with a Standard Test	\$120.00 per test
Bleed Test	When already established onsite and in conjunction with a Standard Test	\$120.00 per test
Drying Shrinkage	When already established onsite and in conjunction with a Standard Test. Sample, cast, test and report 3 x drying shrinkage bars.	\$420.00 per test
Wet Fibre Count	When already established onsite and in conjunction with a Standard Test	\$120.00 per sample and count
Yield Test	When already established onsite and in conjunction with a Standard Test	\$120.00 per test
Crush Only	Cylinders delivered to lab for crush and report only	\$40.00 per cylinder
Slow Testing Charge	The charge for testing will be the greater of the Testing Fees or the Hourly Rate.	\$90.00 per hour
Normal Operating Hours	Monday to Friday 5.00 am to 5.00 pm	N/A

Lab Opening Fee	Outside of Normal Hours	\$360.00 minimum charge
Lost or Damaged Moulds	Moulds lost or damaged on site	\$130.00 per mould
Re-issue of Test Certificates	Each	\$30.00 per report
Re-Printing of Test Certificates	Each	\$10.00 per report

DISCLAIMER

Notes on Neilsens Decorative Concrete:

<ul style="list-style-type: none"> · The aggregates and other raw materials used to make our decorative concrete are products by nature and therefore are subject to variation in colour, size and shape. · Minerals in aggregate can cause staining. An approved sealer will reduce the likelihood of this condition occurring. · Please refer to the Cement and Concrete Aggregates Association recommended practices for placing decorative concrete.
<ul style="list-style-type: none"> · Our exposed aggregate mixes are designed to be placed directly “off the chute” from concrete agitators. Please consult with us if you require to place these mixes via a concrete pump. · We recommend an approved same day sealer be applied to coloured concrete. · If on site water addition takes the concrete slump beyond specification colour variation and aggregate segregation may occur · Please allow us reasonable lead time to obtain colour from our supplier.
